

COCO CASTILE 20%

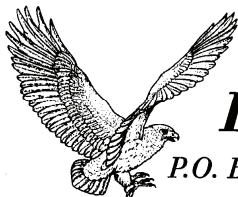

This all natural hand soap is made from the finest coconut and domestic castile oils and retains all of the natural glycerin. It produces a creamy lather when applied to the skin. It cleans thoroughly – quickly removing every day soils.

This product can be used as is without further dilution or diluted with 1 part water for further economy. Wet your hands first, then add soap and work up lather. Rinse lather and your hands will feel soft and clean.

Ideal for use in offices, schools and light industrial applications.
