

DUAL-FUNCTION

Hand, Body & Hair Shampoo

A scientific formulation designed specifically to remove grease and oil from hair and skin. This product has the strength of industrial skin cleansers with the mildness of the most expensive shampoos.

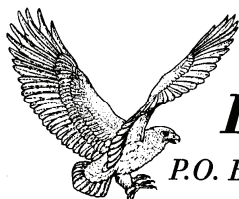

The superior quality of this product ensures maximum cleaning efficiency with no irritating effects on face, hands and body. As a hair shampoo it lathers copiously, rinses freely and easily, leaves no film, and will not strip color or damage hair in any way.

This rich, thick, pleasantly scented liquid contains natural glycerine that works to replace body oils normally lost in washing. There will be no dry or chapped skin associated with this fine cleaner.

This product is most effective when used undiluted. For additional economy or for cleaning lighter soils, it may be diluted with up to 50% water. Expect a slight variation in viscosity when diluting.

SPECIFICATIONS

pH	8.8 +/- .5
Viscosity	2500 -3500 cst @ 70°F
Freeze/Thaw	40° F Stable / 140° F Stable
Clarity	Excellent
Wt./Gal	8.4 lb./gal.
