

Heavy Duty Concrete Cleaner

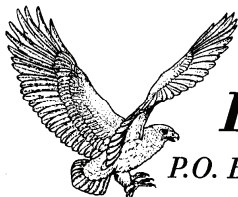

This heavy duty powdered cleaner is designed for use in cleaning sealed or unsealed concrete and asphalt services, such as those found in warehouses, service stations, parking lots, car dealerships, maintenance bays and more.

Formulated for superiority with a strong solvent and emulsification system, wetting chelating agent and alkaline builders this product is ideal for handling your toughest jobs. It readily removes dirt, grease, oil and heavy automotive or pedestrian traffic soil. It is readily soluble and works in all water temperatures. The moderate sudsing action rinses freely leaving no residue.

To use simply wet area to be cleaned with water and sprinkle cleaner evenly over soiled area. Give the product time to work, usually 2 to 3 minutes then agitate with a stiff bristle brush. Allow a few more minutes of soaking time then rinse thoroughly with water.
