

Multi-Purpose Powdered Cleaner

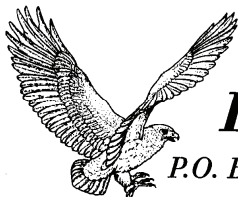

This powder is a 100% active, free flowing, all purpose cleaning agent. It is extremely versatile and can be used on a wide variety of surfaces on a wide variety of soils. It is a moderately alkaline, buffered cleaner, designed for manual, pressure spray or soak cleaning operations. It will produce a moderate level of suds and rinses freely and easily, leaving no surface film. This highly active material contains no caustic soda or other harsh ingredients yet it is a top notch performer.

Multi-Purpose Powdered Cleaner is extremely effective in cleaning animal and vegetable fats, protein and other similar soils from all types of surfaces. It is equally effective on petroleum based greases and oils, as well as most soils encountered in general maintenance applications. Use it with confidence on equipment, walls, floors, tables, tubs, smoke houses, metal surfaces, pots and pans and even for vehicle maintenance. It will not harm paint or soft metals such as aluminum.

This highly concentrated powder should be mixed with water at a rate of 1/2 ounce per gallon of water for lighter cleaning. As cleaning problems warrant, dilution can be increased to 1 - 2 ounces per gallon of water.

SPECIFICATIONS

Type of Product.....	Granular
Color.....	Light Pink
Fragrance.....	Slight to None
Foam.....	Copious, Stable
PH of 1% Solution.....	9.6 +/- .5
Water Solubility.....	Complete
Detergency.....	Excellent
