

TOLADINE

Multi-Purpose Concentrate

A high performance, general purpose cleaner that outperforms all other “all purpose” detergents. This mild, yet effective cleaner is safe for use on any surface not affected by water. The unique detergent system is formulated to remove a wide variety of soils including dirt, grease, oil, animal and vegetable fats and typical atmospheric soil. The free rinsing properties of this concentrate means there are no streaks or residues - only cleaner, brighter surfaces. Ideal for use on floors, walls, countertops, woodwork, porcelain, enameled surfaces, vinyl, rubber, metal or other hard surfaces.

This product performs very well in all water temperatures and water conditions. It can be used in a variety of applications including sprayers, foamers and by hand with a mop, brush or sponge. Dilutions will vary with the type and severity of soil. As little as 1 ounce per gallon of water is sufficient for everyday soils. Tougher soils and heavier accumulation of soils may require a stronger use-solution. Use the chart below for reference.

Light to normal soil.....1 - 2 oz./gal.
Heavy soil.....3 - 4 oz./gal.
Severe soil.....8 - 12 oz./gal.

SPECIFICATIONS

Color.....Pink
Odor.....Ivory
pH.....11.0+/-2
Flashpoint.....Non-flammable
