

TRAFFIC

DRY BRIGHT FLOOR FINISH

Traffic is a specially formulated metal cross-linked styrene/acrylic copolymer designed for superior gloss in heavy traffic and/or low maintenance areas. This polish possesses a good balance of performance with long term wear properties, excellent recoat ability and rapid gloss build. Traffic offers superior detergent resistance with exceptional ease of application. It will retain its exceptional gloss for extended periods of time under heavy traffic conditions with a minimum of maintenance.

Features:

- Dry bright finish builds gloss quickly when applied over most floor surfaces.
- Excellent recoat ability results in lower maintenance costs due to fewer coats needed.
- Balanced scuff and black mark resistance.
- Balanced detergent resistance and removability – withstands repeated mop and machine scrub cycles yet is removed without difficulty and without having to use an overly aggressive stripper.
- Excellent wear and durability with limited maintenance.
- Superior response to low and high speed floor machines (175 to 2000 rpm)

Traffic is recommended for use on vinyl composition, vinyl asbestos, pure vinyl, asphalt, linoleum, rubber, sealed cork, sealed wood, concrete and terrazzo and more.

Educational institutions, health care facilities, large mall areas and chain retail stores are but a few of the locations where Classic will yield superb results.

Specifications

PH.....	8.8
Solids.....	25%
Specific Gravity.....	1.03
Lay down ability	Excellent
Recoat	Excellent
Dry Time	30 minutes
Slip Resistance.....	Classified as slip resistant
Water Resistance	Excellent
Levelling.....	Excellent
Coverage	3,000 to 4,000 sq. ft. per gallon (varies with porosity of floor & application)
